Profile

I have been fascinated by the mystical black box nature of software ever since I've had the chance to run commands in DOS and classic Mac OS during school. I love the history behind the origins computer science and am endlessly inspired by the profound ingenuity.

Experience

Sr. Front-End Developer, Mercutio Consulting; Seattle, WA — 2015-2019

Led several projects including:

- Front-end of replatforming Magento 1 sites to Magento 2
- Reskinning Magento 1 & 2 sites
- Porting pro purchase program written in JS/jQuery to AngularJS
- Frontend of in-house, single page checkout module

Web Developer, Artists Line; Remote — 2013-2016

Front end web development for an e-commerce web site, marketing unique art products. Designed and planned entire project with back end developer. Rolled own solution, but migrated to Shopify.

Web Developer, Studio Atelier; Remote — 2013-2014

Designed and maintained both front and back end, including a custom CMS for blog and image gallery using PHP and MySQL.

System Admin/Jr. Web Developer — 2013

First foray into the professional world of web development. Prototyping different layouts for the senior developer utilizing HTML, CSS, and Javascript. Also handled some database management, networking/VOiP and general IT support.

Education

Broward College, FL — Computer Science AA

Skills

HTML, CSS, Javascript, PHP, AngularJS, React, Node, Express, Grunt, Gulp, Magento 1 & 2, ExpressionEngine, CraftCMS, Git, Github
